

KRATON

THE ANCIENT MIRACLE

The name Kraton was taken from the Javanese ancient history that refers to The Queen's palace. It is where the best and most secret Jamu recipes were kept and only meant for the royal consumptions and their aristocrat friends. KRATON ASLI is a health drink that is re-inspired from Kraton to your home for men and women that tastes so good, more like mango juice but packed with nutrients, powerful vitamins and has been proven from generation to generation.
